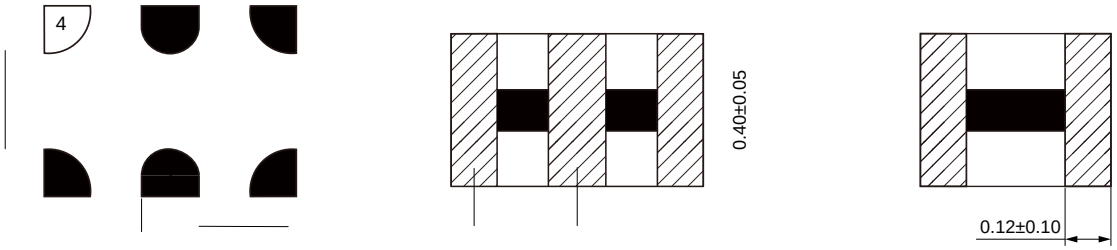
MCCM Series
Multilayer Chip Common Mode Filter
Size 0906

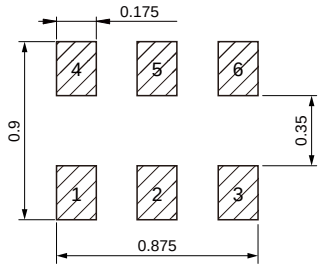
FEATURES

- E ec ve for suppressing common mode noise at high frequency.
-
-
-
-

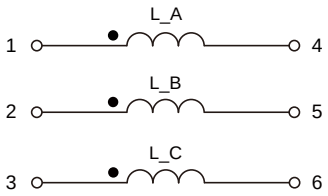
Dimensions: [mm]



Land Pattern: [mm]



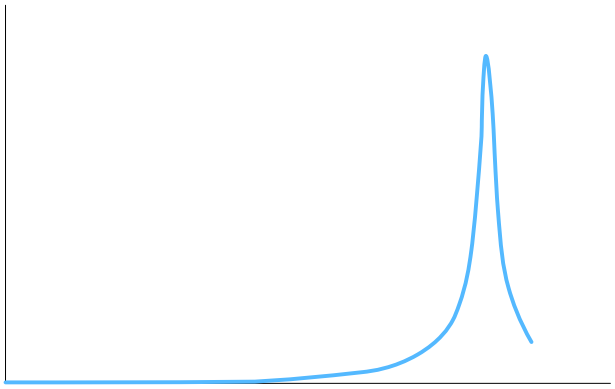
Schematic:

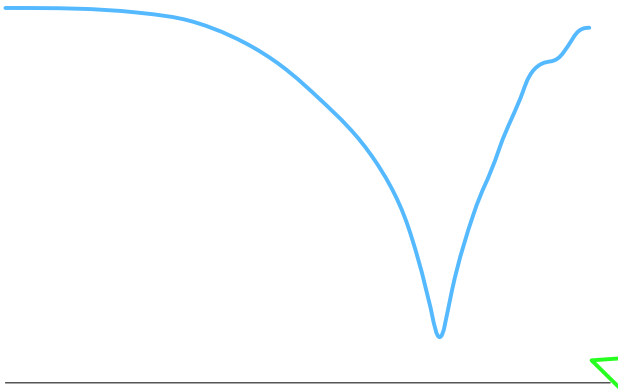


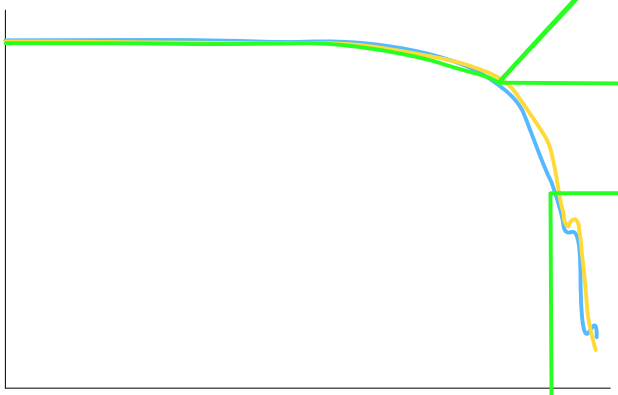
Electrical Properties:

Part No	Impedance @ 100MHz (Ω)	Tolerance	DC Resistance Max. (Ω)	Rated Current Max. (mA)	Rated Voltage (Volts)	
MCCM0906H-3-300M	30	±20%	4.0	100	12.5	100

Note: Absolute maximum long term direct-current voltage between wire AB, AC or BC: 1.5V.

Typical Electrical Characteristics:






Impedance & Frequency Characteristics(Common):
